

# Dr. Markus Lenhard

## BIOGRAPHY

Dr. Markus Lenhard started his career 1992 as scientific fellow at the Department of Restorative Dentistry and Periodontology at Heidelberg University /Germany. Later he headed the ICDE clinical at Ivoclar Vivadent Headquarters in Liechtenstein. Since 2003 he is a dentist in private practice in Switzerland.

Dr. Lenhard is member of the Editorial Board of the International Journal of Esthetic Dentistry and member of the Scientific Board of the Scandinavian Academy of Esthetic Dentistry and has given more than 800 lectures and courses in 50 countries.

Being a full time practitioner in a private dental practice, Dr. Lenhard's lectures are focused on improving techniques and skills that are mandatory in real life dentistry.

## COURSE DESCRIPTION

Modern composites allow a nature-like rehabilitation of anterior defects from minimal-invasive approaches to large build-ups. For success color, translucency and shape have to be addressed adequately, nevertheless, to gain long-term stability, functional aspects, like canine protected occlusion, have to be considered as well. The lecture will cover all aspects of anterior restorations from examination to finishing presenting practice-oriented techniques that can easily implemented.
