

## elements™ Connect & Apex Connect

Cordless Endodontic Motor and Electronic Apex Locator

### Seamless Connection. Greater Confidence.

Add confidence to your shaping, with intuitive elements Connect and Apex Connect. Designed to work seamlessly together, interconnected system supports patient safety while simplifying your procedures.

# elements™ Connect and Apex Connect

## An Interconnected System

### Dual Light Indicators

With intuitive light indicators in both motor handpiece and the Apex file clip, you'll have greater visibility for more confident shaping.

### Patient Safety

The intuitive, easy-to-see smart light and audible indicators, as well as a large, bright viewing display alert you when you're reaching the apex. May be used independently or as a connected system.

### Portable Convenience

Easily move between operatories with this interconnected system; lightweight, ergonomic and cordless design.

## Versatile Motions

With Adaptive, Reciprocation and Rotary motions in one motor, elements Connect allows offices to maintain their existing techniques and protocols.

## Preset

9 Kerr preset file settings, 1 reciprocating setting and 4 customizable settings.

## Continuous Use

Two removable batteries are included to ensure one is always charged so you can complete your procedures safely without interruption.

## Built-in Accuracy

Ensure measurement accuracy with Apex Connect's automatic self-calibration feature that activates every time the device is turned on.

## Shape with Confidence

View real-time working length information during procedures with a smart light indicator that changes color, as well as audible indicators, as you reach the apex.
