QAdental Forum 2025 pääteema – Bruksismin monet kasvot

Bruxism: Etiology, Assessment, and Management, Dr. Prof. Birgitta Häggman-Henrikson & Dr. Nikola Stanisic

Luentotalenne – 94 min

Koulutussisältö:

What the clinician needs to know about awake and sleep bruxism – from epidemiology and etiology to assessment and management of consequences.

This lecture will provide an overview of current knowledge on awake and sleep bruxism based on recent research and how this can be used by clinicians in their day-to-day practice.
