

TePe

EasyFit™

Brush away the plaque
between your teeth.

New

Start today

Do you want to say goodbye to hidden plaque and hello to fresher, cleaner teeth? Then welcome TePe EasyFit™ into your daily oral cleaning routine. Because brushing between your teeth can help you get healthy teeth for life. Why not start this little habit with TePe EasyFit™, which easily brushes away plaque that your toothbrush can't. It's never too late to start...

Fits many gap sizes

Soft brush tip for more comfort

- Gentle and easy to use for daily cleaning
- Ergonomic handle contributes to the effectiveness

Removes plaque between your teeth

How to use TePe EasyFit™

Carefully insert the brush between your teeth until you feel resistance, and move back and forth.

S/M suits tight spaces, M/L for wider gaps.

 Made in Sweden
